

# #HealthierMO

## Transforming the Future of Public Health in Missouri

Mission/vision: A statewide initiative that seeks to engage active participation and investment in transforming public health into a stronger system that offers every Missouri resident the opportunity for a healthier life.

# Phase I Successes and Updates

- **Goal 1: Identify public health stakeholders, leaders and vision**
  - March 1<sup>st</sup>, Stakeholder Convening Session, 120+ attendees provided feedback on the initiative
  - May 11<sup>th</sup>, first meeting of Advisory Council, beginning to plan for Phase II of the initiative
- **Goal 2: Public health professional organization alignment**
  - Hosted 4 meetings of the group since January 2018
  - Group has developed a mission and vision statement and has begun to create goals for Phase II
